

**CORE**<sup>SM</sup>  
Support Systems

*Valuable and flexible solutions to keep your power clean, reliable and efficient.*

# CORE<sup>SM</sup>

## Support Systems

We offer flexible power management solutions for your **mission critical applications**. With years of experience and certified technicians, CORE guarantees customer satisfaction. We partner with trusted brands in UPS, HVAC equipment, Emergency Lighting Inverters, Switchgear, batteries and racks, to ensure reliability where it matters most.

*Valuable and flexible solutions to keep your power clean, reliable and efficient.*

### Uninterruptible Power Supply (UPS)

- Single Phase UPS - 1kVA - 22kVA,
- Three Phase UPS - 10kVA- 2000kVA
- Batteries & Maintenance Bypass Switch Cabinets
- UPS & Battery Monitoring

**TOSHIBA**  
Leading Innovation >>>

### Emergency Lighting Inverters

- Single Phase – 550W - 18KW
- Three Phase – 10KW - 55KW
- No-break Output Online Operation
- UL924 listed as “Emergency Lighting Equipment” and NFPA 101 compliant as “Life Safety Equipment”

 **CONTROLLED POWER COMPANY**

### High Efficiency, K-Rated Transformers

- Single Phase—5kVA –25kVA
- Three Phase—15kVA-500kVA
- Meets and exceeds DOE 2016 minimum efficiency standards
- Double or triple shielded for high common mode noise attenuation

 **CONTROLLED POWER COMPANY**

### Switchgear

- Paralleling Switchgear
- Switchboards & Panels
- Retrofit and Design to Match

 **sai**  
Advanced Power Solutions

### DC Power Supplies

- Solid-State DC Power Supplies-5KW to 15MW
- Frequency Converters - 3.5kVA to 2MVA
- Portable Inverter for Transportation Maintenance-3 to 150kVA
